

**ANS PERFORMANCE** REAL SCIENCE. REAL RESULTS.

N-ISO™ delivers 25g of ultra-fast absorbing hydrolyzed whey protein isolate per serving. N-ISO™ has been purified using cross-flow cold-filtered microfiltration to remove fat and lactose, yet preserve several important whey fractions such as lactoferrin and immunoglobins that can be removed with harsher processing. What separates N-ISO™ from other whey isolates is that 100% of the protein has been hydrolyzed (or pre-digested) to allow for ultra-fast absorption to fuel muscle recovery and nutrient delivery, making N-ISO™ the ultimate choice for athletes seeking the pinnacle of quality and performance.

\*The % Daily Value tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

**INGREDIENTS:** Hydrolyzed Instant Whey Protein Isolate, Natural & Artificial Flavors, Lecithin, Xanthan Gum, Sucralose, Salt, Stevia (Leaf) Extract.

**ALLERGEN WARNING:** Contains milk and may contain soy (lecithin). Made in a facility that also processes egg, sesame, peanuts, tree nuts, fish/crustaceans/shellfish oils, and wheat products.

**NOTICE:** Use this product as a food supplement only. Do not use for weight reduction.

**NOTE:** Contents sold by weight not volume. Serving Scoop included, but may settle to the bottom during shipping. Store in a cool, dry place. Do not use if packaging has been tampered with.

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

**DIRECTIONS FOR USE**

**USING A SHAKER:** Fill your shaker with 6 oz of cold water or beverage (milk, almond milk, juice, etc.). Add 1 scoop of N-ISO™ powder. Put the lid on tightly and swirl contents slowly before shaking vigorously for 15 seconds.

**STIR IN A GLASS:** Fill your glass with 6 oz of cold water. Add 1 scoop of powder and mix contents in glass slowly with a spoon before stirring vigorously for 15 seconds.

**MIX IN A BLENDER:** Fill your blender with 6 oz of cold water. Add 1 scoop of powder and blend for 15 seconds. For a thinner shake, try using 8-10 oz of water per scoop.

**ENHANCE YOUR PROTEIN:** By adding milk, frozen fruits, peanut butter, coconut water or other ingredients you can make a delicious shake all your own. You can further customize your shake to fit your needs by adding in supplements like creatine, glutamine or fiber.

**ENHANCE YOUR MEALS:** Try mixing a scoop of N-ISO™ into your oatmeal, yogurt, cereal or even increase the protein content of your baked goods. N-ISO™ is the perfect protein for baking high protein cookies, muffins or pancakes.
