

#SHATTER SX-7® BLACK ONYX™

#SHATTER SX-7® BLACK ONYX™ – EXTREME PRE-WORKOUT BREAKTHROUGH

#Shatter SX-7® Black Onyx™ is the newly reengineered formula that's on the cutting edge of pre-workout power. It features patented, scientifically researched PEAK ATP® for more muscle, strength and intense pumps, along with other scientifically researched core ingredients. With premium ingredients for energy, power, muscle and strength, plus an all-new combination of ingredients that drive an extreme sensory experience, #Shatter SX-7® Black Onyx™ is the only pre-workout formula to deliver this kind of unprecedented power.

DIRECTIONS

Stimulant-sensitive individuals should assess their tolerance first. Mix 1 serving (1 scoop) with 175mL of water. Take 2 servings daily, 20 to 30 minutes before training begins. Do not consume more than 2 scoops in a 24-hour period. For use beyond 10 weeks, consult a health care practitioner. Read the entire label before use and follow directions provided.

Medicinal Ingredients / Ingrédients Médicamenteux

Serving Size: 1 Scoop (6g)
Servings Per Container: 60

Amount Per Serving / Quantité par portion

Strength & Performance Blend

Beta-alanine (CarnoSyn®)	1600mg
Adenosine 5'-triphosphate disodium (PEAK ATP®)	200mg

Extreme Neurosensory Matrix

Caffeine anhydrous	200mg
Nutmeg extract (as <i>Myristica fragrans</i>) (seed)	100mg
Black elder extract (as <i>Sambucus nigra</i> subsp. <i>nigra</i>) (fruit)	47mg

LEAN MUSCLE GAINED IN 12 WEEKS

PEAK ATP® (Adenosine 5'-triphosphate disodium) – Hard-training subjects who supplemented with PEAK ATP® in a 12-week human study at The University of Tampa increased strength by 147% more than subjects using a placebo. Even better, these same subjects gained 8.8 lbs. of lean muscle versus the placebo group, which only gained 4.6 lbs. – that's 90% more lean muscle. The PEAK ATP® compound also forces crazy muscle pumps unlike anything you've ever felt.
